Superior Carpet Care with Less Environmental Impact

BIOTEK's Bio-GREEN™ Carpet Care Program consists of two environmentally-responsible products that work, and properly administer will enhance carpet appearance and life. There is no performance trade-off. The Bio-GREEN™ Carpet Extraction Cleaner is a one pass cleaner that effectively inhibits re-soiling. Periodic bonnet cleaning and safe as a pre-spotter prior to extraction Bio-GREEN™ H. D. Carpet Pre-Spray & Bonnet Cleaner safely removes stains to enhance carpet appearance. All Bio-GREEN™ Carpet Care Products are 100% renewable and readily biodegradable. Renewable and Biodegradable are facts and can be measured. Bio-GREEN™ Carpet Care Products are environmentally friendly and humanly safe to the highest degree available today. 100% renewable does not mean 100% natural. Some of our raw materials are a blend of natural and non-toxic man made materials. Even the man made materials could some day be obtained from natural sources. Readily Biodegradable defines how fast the product will break down in a sewer system or in the environment when subjected to bacteria. All Bio-GREEN™ products are readily biodegradable and break down is 28 days or less.

Bio-GREEN™ Carpet Extraction Cleaner

Environmentally-Responsible Carpet Extraction Cleaner

Bio-GREEN™ Carpet Extraction Cleaner is a highly effective, versatile, low foaming carpet extraction cleaner. This product is formulated to remove grease, oil, embedded dirt, and other soils from commercial carpets. Under normal conditions, Bio-GREEN™ Carpet Extraction Cleaner is a one pass cleaner that effectively inhibits re-soiling. Safe for use on most carpets and fabrics, Bio-GREEN™ Carpet Extraction Cleaner will not affect most dyes and colors.
